**BLUEBERRIES****PRICE \$11.00 each**

Rabbiteye varieties. 1-gallon pots)

**PREMIER:** Mid-season, large firm berries, very good flavor, and the berries store well. Bright green foliage makes it good for ornamental use.

**IFBLUE:** Mid-to late-season, large, firm berries, light blue in color and quite flavorful. Popular for its appearance and productivity.

**POWDER BLUE:** Mid-season, darker blue berries, sweet flavor, resistant to cracking. High yielding.

**CLIMAX:** Small-medium size berries. Good color and flavor. Ripens late May-early June.

**ONSLOW:** Mid-to late-season. Vigorous, Semi-upright fruit. Self-pollinating.

**SOUTHLAND:** Mid-to late-season. Medium to large fruit. Growth is compact and upright. Pollinator: Ifblue

**BLACKBERRIES****PRICE 9.00 each**

All are thornless and upright; 1-gallon pots.)

**ISON:** Large uniform fruit, great sweet flavor with small seeds. Excellent quality. Mid-late season. First thornless blackberry, just released from NC State.

**DUCHITA:** Sweet, cone-shaped large berry. Ripens late (mid-June). High yielding. Excellent flavor.

**APACHE:** Large size fruit, excellent quality, ripens late (mid-June). Cold hearty and high yielding.

**RASPBERRIES****PRICE \$9.00 each**

(Varieties are thorny. 1-gallon pots.)

**HERITAGE:** Most popular variety. Dark red berries. Large crops of large sweet berries. Ripens July-Sept.

**CAROLINE RED:** New! Excellent flavor. Produces heavy crops of large raspberries. Ripens June and September. Very vigorous and tolerant of root rot. Self-pollinating.

**BUNCH GRAPES****PRICE \$10.00 each**

(1-gallon pots.) Seedless varieties.

**JUPITER:** Reddish-blue color, very large and semi-crisp fruit. Ripens in August. Great for fresh eating.

**NEPTUNE:** Large yellow-green fruit. Juicy and highly flavorful. Ripens in September. Resists cracking. Disease resistant and cold hardy.

**MUSCADINES****PRICE \$10.00 each**

(Potted in 1-gallon pots.)

**ISON:** Black self fertile. Large clusters. Ripens early. Edible skin and firm pulp. Very sweet (19% sugar), produces excellent juice.

**SCUPPERNONG:** Bronze, female variety. Will need a pollinator. Medium size fruit. Ripens mid season. Vigorous and cold hardy. (17% sugar)

**FRUIT TREES****PRICE varies**

If you would like to purchase any fruit trees, please contact us directly at 287-6190. We can get multiple varieties of APPLE, CRABAPPLE, FIG, PEAR, PERSIMMON, ETC.

All trees will be bare root.

Prices will vary.

**RUTHERFORD  
COUNTY 4-H**

4-H is an educational program for both boys and girls, ages 5-18. Exciting club and special interest programs along with other activities and events support the “learning by doing” concept of 4-H.

The four H's stand for HEAD, HEART, HANDS, and HEALTH. Subject matter and life skills are learned by the 4-H'ers through 4-H projects and activities, ranging from animal projects to canning projects to photography and electricity. For more information on 4-H in Rutherford County, contact the Cooperative Extension Center at 287-6010.
